

TCM Forklift Part

TCM Forklift Parts - Forklift trucks are an important player in the material handling field of each and every global business. Transporting industrial goods takes place each and every day on our hectic planet. Originally innovated as industrial vehicles in the 1930s in America, forklifts gained recognition after WWII in the 1940s. Becoming an efficient and reliable means to material handling solutions, the need and practicality of these machines spread globally.

Originally founded as Toyo Carrier Manufacturing Company Limited, in the year 1949, the business was later renamed Toyo Umpanki Co. previous to becoming recognized as the TCM Corporation. Started by Mr. N. Niwa manufactured Japan's very first lift truck. Over the years, TCM lift trucks have become an international leader in forklift manufacturing and have built a solid reputation with the industry. TCM began constructing lift truck manufacturing sites outside of Japan in the 1980s and is now engaged in forklift manufacturer at three foreign factories in the United States, Europe and China.

TCM proudly makes many models of industrial forklifts with over 50 years of accumulated expertise and technology, making their products used and recognized all around the globe. Characterized by strong initiatives and energetic staff, TCM continues to look toward the future and aspires to become a world-class leading business.
